

Hospital Discharge Support Service

Support for people aged 60+ who are in need of light level help after being discharged from hospital. Our service is provided by volunteers who have been checked and trained to support people.

Our service supports with:

- Supporting with confidence building, e.g. going for walks.
- Providing company and a friendly chat.
- Picking up a prescription.
- Checking if the house is warm and there is enough food and drink supply for a client.
- Light shopping
- Providing information about other services.
- Light support around the house, e.g. taking the rubbish out.
